Subject:	RE: summons for your appearance on September 25th Commonwealth v. ███████ (Trial)

I received the summons, but I did not see the drug lab number(s) listed on it. Would you kindly provide that information so I can review the case? As of now, I do not have any other cases scheduled for that day, though I do have a Superior court case in Springfield going on the short trial list this Friday, though the ADA thinks that it "will not likely begin until another day (could be three to ten days later). " I'm not sure if you think I will actually be needed on the first day, but I also thought that I'd let you know that I have a district case scheduled in Attleboro on 9/26 and two in Springfield on 9/27 (both fairly recent cases, so probably not going to be called, but you never know). Thanks.
